Fire

Verse

Hey listen everybody
I've got news for you
Oh you may not understand
But then again you just might
I'm in love with Jesus
And He's in love with me
Oh all I want to talk about
All I wanna sing about is my Lord

Chorus

It's like fire shut up in my bones
I've gotta tell you tell them how I feel
It's out of man's control
It's like fire that shut up in my bones

Verse

The Spirit of the Lord is moving
He moved into my heart
Oh He changed my life
And set my feet on the Rock
He made me something from nothing
And now I'm a son of the King
Oh if you would only let Him
Then you would understand why I sing (Repeat Chorus)

Bridge

It's like fire in my bones
It's like fire in my bones (Repeat Chorus)

R U Gonna Stand Up

Verse

Now we are living in perilous times
The devil's like a roaring lion
he's going around trying to devour
But God's children's filled with power
Come on get up
Put your foot upon the devil kick him down

Chorus

Are you gonna stand up
Are you gonna stand up
Come on and get up
Come on and stand
Stand for the Lord

Verse

Now we've been pushed around long enough
It's time that we got rough
But our war is not flesh and blood
It's in the Spirit not in the mud
Wake up shape up
The Word Of God is always right
Now we fight (Repeat Chorus)
It's time the world should know who's side we're on
We're on the Lord's side and we stand against the wrong
Stand stand stand up (Repeat Chorus)

King Of The Jews

Verse

It won't be very long
Israel will see
You're blinded by the Light
Walking in the night
The time will come when every knee will bow

And every tongue confess
Jesus is still on the throne
Why don't you come along

Chorus

Why don't you let Him in
He wants to be your friend
Ceasar is not your King
Jesus is still the King of the Jew

Verse

A virgin did conceive
And brought forth the Light
He came into the world
His own received Him not
The seed of Abraham became flesh
And was the sacrifice
For God so loved the world
That He gave His only Son (Repeat Chorus)

Bridge

Don't you know His arms
Are still reaching for you
Even on the cross His arms
Were stretched forth for you
No greater love than this
That a man would lay down His life
Jesus is still the King of the Jew (Repeat Chorus)

Riders In The Sky

Verses

Yesterday I was locked up
I couldn't find the key
I was locked in four walls
Without a friend
I was getting desperate
Reaching for the wind
Then I caught a vision
And the walls fell down

Chorus

Riders in the sky
I'm never gonna die
Riders in the sky

Verses

Well I walked through the desert
And I see dry bones
But I gotta keep a walking
I'm almost there
If I told you a mystery
Would you understand
If I gave you my answer
Would you laugh at me (Repeat Chorus)

Bridge

The world is a prison
With no place to hide
Dreams will never get you off the ground
If I died tomorrow
I've only begun to live
Time will never put it's hands on me on me (Repeat Chorus)

Here's My Heart

Verses

I'm holding on tightly
I need to stay close to Thee
Sheltered by Your loving arms
Where the wind will never bother me
I can't make it by myself alone
Take this part of me
Dear Lord and make it Your home

Chorus

Here's my heart
Here's my soul
Here's something only You can hold
You're the One
Who was True
When my life seemed it was through
Here is the piece
That You were always missing
Savior here's my heart

Verses

No man is an island
Remember you are not your own
We were purchased by the price of love
More precious than a diamond stone
Lord I know You will handle with care
Everyone that's been hurt
And is needing repair (Repeat Chorus)

Bridge

Everyone that's been hurt
And is needing repair (Repeat Chorus)

I'm A Fanatic

Verse

I hear people talking
Saying I've gone off on the deep end
Saying I've got religion
Telling that I've been born again
Well listen to me people what you say is true
I've become a fool for Christ and I agree with you

Chorus

I'm a fanatic oh I'm crazy about my Lord
I'm a fanatic call me anything you want
Well I love the Lord with all my heart
With all my soul and mind
And when it comes to Jesus I'm a fanatic

Verse

Well I used to go to those ballgames
Everybody's shouting and clapping their hands
Then I got to thinking
How much more should we praise the Son of man
No one else but Jesus has ever died for me
And that's enough for me to shout
and praise His Holy Name *(Repeat Chorus)*

Verse

Well I used to be addicted
To the party lights and smoking that dope
But when I met sweet Jesus
I threw it down and He gave me the Holy Ghost
If you could only feel the joy that's in my soul
You'd be singing this same song
and shouting all the way *(Repeat Chorus)*

Groovin' and a moving and I'm out of time
I'm walking and a talking down a straight and narrow street
Clapping and a singing everything is so fine *(Repeat Chorus)*

This Time

Verse

Many times I've wandered
So many chances I took
Flirting with temptation
That gave me a dirty look
Promises that were all broken
Now I claim to be my token

Chorus

I won't let you down this time
I cross my heart and I've drawn the line
It's understood

Back where I should
Seems I almost lost my mind
I found myself in a wall of lies
It's different now
I feel secure this time

Verse

Sometimes the grass looks greener
When it's on the other side
But when you move in closer
You've been taken for a ride
Promises that were all broken
Now I claim to be my token *(Repeat Chorus)*

This Time (continued)

Bridge 1

I found me a resolution
I'm holding on for life
I'm giving You my secrets
Not asking reasons why
So take whatever You want
Replace it with Your care
I took a wrong direction
I'm tired of going nowhere

Bridge 2

No turning back
I've been there before
I give You all
I won't hold back my heart no more *(Repeat Chorus)*

Noah

Verse

Noah now everybody's talking about you
Noah haven't you better things to do
Many years we've watched you here
Still you say the flood is near
It don't look like rain today
It's just another sunny day

Verse

Noah you've been working for a long long time
Noah I'm believing you have lost your mind
Come on down the weather's fine
We'll live it up and drink some wine
It don't look like rain today
It's just another sunny day

Chorus

Oh you say in seven days it's gonna rain for
Forty days and nights
Who are you to tell me that
I don't believe I'll have to see myself
Verse
Noah you've really done it this time
Noah loading creatures of every kind
Two by two you load them up
While I drink another cup
It don't look like rain today
It's just another sunny day *(Repeat Chorus)*
