*Verse1* I get up in the morning / Singing Glory, Glory / Then I got to thank Him / For seeing one more day /  
Looking out my window / The sun is shining brightly / The trees are standing tall / It's so good to be so free /  
Now isn't it beautiful / To sing out loud / The words that you wanna sing / Don't it make you feel so proud  
*Chorus* Singing Glory Hallelujah / Shout it to the people / Let it get next to you / Singing Glory Hallelujah / Sing  
it loud and clear now / Glory Hallelujah *Verse2* I stopped into a Church now / To get salvation / There where  
people crying / They knew what they had done / The preacher kept on praying / Oh sinners don't you weep /  
Just say a simple prayer / For your soul to keep / So brush away your tears now / Oh Jesus forgives / Lets all  
get together / It's time for us to live *repeat chorus*
